Item 1.01 Entry into a Material Definitive Agreement.

Item 2.01 Completion of Acquisition or Disposition of Assets.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On March 13, 2015, L.B. Foster (“the Company”), its domestic subsidiaries, and certain of its Canadian subsidiaries entered into an amended and restated \$335,000,000 Revolving Credit Facility Credit Agreement (“Amended Credit Agreement”) with PNC Bank, N.A., Bank of America, N.A., Wells Fargo Bank, N.A., Citizens Bank of Pennsylvania, and Branch Banking and Trust Company. This Amended Credit Agreement modifies the prior revolving credit facility which had a maximum credit line of \$200,000,000. The Amended Credit Agreement provides for a five-year, unsecured revolving credit facility that permits borrowings up to \$335,000,000 for the U.S. borrowers and a sublimit of the equivalent of \$25,000,000 U.S. dollars that is available to the Canadian borrowers. The Amended Credit Agreement’s accordion feature permits the Company to increase the available revolving borrowings under the facility by up to an additional \$100,000,000 subject to the Company’s receipt of increased commitments from existing or new lenders and to certain conditions being satisfied.

Borrowings under the Amended Credit Agreement will bear interest at rates based upon either the base rate or Euro-rate plus applicable margins. Applicable margins are dictated by the ratio of the Company’s indebtedness less cash on hand to the Company’s consolidated EBITDA, as defined in the underlying Amended Credit Agreement. The base rate is the highest of (a) PNC Bank’s prime rate, (b) the Federal Funds Rate plus 0.50% or (c) the daily Euro-rate (as defined in the Amended Credit Agreement) plus 1.00%. The base rate and Euro-rate spreads range from 0.00% to 1.50% and 1.00% to 2.50%, respectively.

The Amended Credit Agreement includes two financial covenants: (a) Leverage Ratio, defined as the Company’s Indebtedness less cash on hand, in excess of \$15,000,000, divided by the Company’s consolidated EBITDA, which must not exceed 3.25 to 1.00 and (b) Minimum Interest Coverage, defined as consolidated EBITDA less Capital Expenditures divided by consolidated interest expense, which must be no less than 3.00 to 1.00.

The Amended Credit Agreement permits the Company to pay dividends, distributions and make redemptions with respect to its stock provided no event of default or potential default (as defined in the Amended Credit Agreement) has occurred prior to or after giving effect to the dividend, distribution, or redemption. Dividends, distributions, and redemptions are capped at \$25,000,000 per year when funds are drawn on the facility. If no drawings on the facility exist, dividends, distributions, and redemptions in excess of \$25,000,000 per year are subjected to a limitation of \$75,000,000 in the aggregate. The \$75,000,000 aggregate limitation also permits certain loans, investments, and acquisitions.

Other restrictions exist at all times including, but not limited to, limitation of the Company’s sale of assets, other indebtedness incurred by either the borrowers or the non-borrower subsidiaries of the Company, guarantees, and liens.

Also on March 13, 2015, the Company and its wholly-owned subsidiary, L. B. Foster Raven Merger Company (“Merger Sub”) entered into an Agreement and Plan of Merger (the “Merger Agreement”) with IOS Holdings Inc., a Delaware corporation (“IOS”) and IOS Holding Company LLC, solely in its capacity as the representative of IOS’s shareholders. The Merger Agreement provided for IOS to be merged into Merger Sub, with IOS as the surviving entity, resulting in IOS becoming a wholly-owned subsidiary of the Company. The parties closed the Merger Agreement on the same date.

The Merger Agreement provided for the payment of cash at closing equal to the base consideration of \$170,000,000 plus cash acquired, and further subject to certain adjustments, including a working capital adjustment. An amount equal to \$7,600,000 of the purchase price was deposited in an escrow account in order to cover breaches of representations and warranties by sellers, any working capital adjustments owed to the Company and other specified contingent liabilities. The payment is subject to a post-closing adjustment related to the estimated indebtedness, cash, working capital and transaction expenses as of the closing date. The Merger Agreement also contains an earn-out feature. Sellers have the ability to earn up to an additional \$60 million dependent upon the acquired business achieving a certain level of EBITDA during the 3-year period beginning on January 1, 2015 and ending on December 31, 2017.

The Merger Agreement also contains customary representations and warranties, covenants and indemnification obligations.

The Company funded the full consideration for the acquisition with available funds from the Amended Credit Agreement. IOS Holdings, Inc. and each of its subsidiaries are required to join the Amended Credit Agreement as Guarantors within 15 days of the acquisition closing.

The descriptions set forth above of the Merger Agreement and the Amended Credit Agreement are summaries only and are not complete, and are subject to and qualified in their entirety by reference to the complete text of the Merger Agreement and Amended Credit Agreement, respectively, copies of which will be filed by an amendment to this Current Report on Form 8-K.

Item 7.01 Regulation FD Disclosure.

99.1 Press Release dated March 13, 2015.

L.B. Foster Announces Acquisition of Inspection Oilfield Services (IOS)

Testing and Inspection Services Company Provides Nationwide Footprint for L.B. Foster Energy Services

PITTSBURGH, PA, - March 13, 2015 - Pittsburgh, PA-based L.B. Foster Company (NASDAQ: FSTR) today announced the acquisition of Inspection Oilfield Services (IOS), a Houston-based leader in non-destructive testing and inspection services for tubular products used in critical oil and gas applications. The company has implemented market-leading testing and inspection technologies, as well as developed software that provides customers with detailed information on the integrity of their tubular assets.

Asset integrity services are designed to help customers achieve high levels of safety and document vital information that supports rigid industry standards. Inspection Oilfield Services also provides conversion services for tubular products that range from premium threading of casing, refacing and hard-banding for drill pipe, as well as cleaning and other repair services for Oil Country Tubular Goods (OCTG). These services are often combined with IOS non-destructive test and inspection services.

IOS has locations throughout the U.S. and is ideally positioned to support customers with a national footprint that includes all growing regions of oil and gas development. “The company has a team of highly skilled technicians and management that understand the requirements of oil and gas development customers. IOS is uniquely positioned to help these customers reduce costs in an environment where efficiency is becoming increasingly important,” said Robert Bauer, L.B. Foster President and Chief Executive Officer. “By combining inspection, testing, conversion and logistics services, in conjunction with specialized distribution partners across many locations, the company can leverage its assets to help lower operating costs for customers with wide ranging needs.”

“Our team will benefit from L.B. Foster’s experience with pipeline coatings and tubular products,” commented Dal Miller, Inspection Oilfield Services President. “Going forward, our combined organizations will provide a strong platform to achieve organic and inorganic growth objectives.” Mr. Miller will be a key member of the L.B. Foster management team and brings extensive experience to this position.

IOS sales in 2014 were approximately \$120 million. L.B. Foster expects the acquisition to be accretive to earnings in 2015. The company will operate as a wholly-owned subsidiary of L.B. Foster Company.

This release may contain forward-looking statements that involve risks and uncertainties. Statements that do not relate strictly to historical or current facts are forward-looking. When we use the words “believe,” “intend,” “expect,” “may,” “should,” “anticipate,” “could,” “estimate,” “plan,” “predict,” “project,” or their negatives, or other similar expressions, the statements which include those words are usually forward-looking statements. Actual results could differ materially from the results anticipated in any forward-looking statement. Accordingly, investors should not place undue reliance on forward-looking statements as a prediction of actual results. The Company has based these forward-looking statements on current expectations and assumptions about future events. While the Company considers these expectations and assumptions to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks and uncertainties, most of which are difficult to predict and many of which are beyond the Company’s control. The risks and uncertainties that may affect the operations, performance and results of the Company’s business and forward-looking statements include, but are not limited to, an economic slowdown in the markets we serve; the risk of doing business in international markets; our ability to effectuate our strategy including evaluating of potential opportunities such as strategic acquisitions, joint ventures, and other initiatives, and our ability to effectively integrate new businesses and realize anticipated benefits; a decrease in freight or passenger rail traffic; the timeliness and availability of material from our major suppliers; sustained declines in energy prices; a lack of state or federal funding for new infrastructure projects; increased regulation including conflict minerals; an increase in manufacturing or material costs; the ultimate number of concrete ties that will have to be replaced pursuant to the previously disclosed product warranty claim of the Union Pacific Railroad and an overall resolution of the related contract claims as well as the outcome of the lawsuit filed by the UPRR; risks inherent in litigation and those matters set forth in Item 8, Footnote 20, “Commitments and Contingent Liabilities” and in Item 1A, “Risk Factors” of the Company’s Form 10-K for the year ended December 31, 2014 and reports on Form 10-Q thereafter. The Company urges all interested parties to read these reports to gain a better understanding of the many business and other risks that the Company faces. The forward-looking statements contained in this press release are made only as of the date hereof, and the Company assumes no obligation and does not intend to update or revise these statements, whether as a result of new information, future events or otherwise, except as required by securities laws.
